

## LEE ANN JACKSON

Finance Manager, USA

[jackson@exetor.com](mailto:jackson@exetor.com)

Lee Ann joined the Durango, CO Hub team in 2017. She is the company controller who manages the finances and reporting as Exetor continues its global growth. This is no small task in a firm where the accounting systems include multiple entities, working with a variety of currencies, managing compliance, and financial reporting. Lee Ann leads the finance team in day-to-day operations while also working with the business owners to make strategic decisions for the firm. Lee Ann manages both people and processes which provides stability in a changing business environment. She has an intuition for what a company needs to run smoothly from the top down to the ground up. Lee Ann led a companywide software integration which transformed the business. This resulted in global streamlined processes and significant operations efficiencies.

Prior to joining The Exetor Group, Lee Ann ran her own business working with small companies helping them with operations, accounting and consulting. Her professional career started in Early Childhood education and expanded to business management and accounting. She has served on several local board of directors and also volunteers in her local community.

### Degree and Certifications

- Bachelors in Humanities, Certificate in Early Childhood Education-Fort Lewis College, Durango CO
- Teaching Certificate for Career and Technical Education, CO State Board of Community Colleges, and Occupational Education

Lee Ann enjoys spending time outside with her family at their cabin in the mountains.
